- 1) **WW PROJECT MANAGER REPORT:** Amy Sorensen reported that after reviewing bids from Velocity Constructor's, Inc. and Eric Reichert Construction, JVA, Inc. has given Notice of Recommendation to Velocity Constructor's, Inc. in the amount of \$413,365.00 for the Biosolids Removal Project of the WWTF. USDA will return \$192,550 in grant funding that was taken back when the original project came in under budget. USDA's total contribution to the Decommissioning is \$219,191.03. Amy submitted a letter to DOLA to request that the \$192,551 that was returned to DOLA at the end of the construction period be reissued to the Town to complete the decommissioning project. The deadline for Notice of Award is February 7, so there is a tight window for receiving a contract from DOLA for the remaining funds. Approval of the contract may require an electronic vote by the Board. JVA, Inc. has budgeted \$75,500 for Engineering, Sorensen will receive \$7500.00 for Project Management, and \$2500 has been budgeted for legal fees. JVA, Inc. is recommending that the Town maintain a \$10,000 contingency fund for the project.
